RELIEF OF TIEN TSIN CONFIRMED.

Peking Expedition Under Seymour
Reported by Admiral Kempff
to Be Surrounded Near
Tien Tsin and Aid Is
Sent From Latter
Place.

Washington, June 26.—The navy department has received the following cablegram from Admiral Kempff at Taku, June 25: "Relief force which left Tien Tsin June 10, reported 10 miles from Tien Tsin surrounded; force left Tien Tsin 24th to render assistance."

Washington, June 26.—After a day of uncertainty and suspense, information came with a rush concerning the forces operating at Tien Tsin and those seeking to break through to Peking.

Admiral Kempff's dispatch and that from Consul Fowler at Chefoo, both confirmed the reports that the combined forces which have been operating near Tien Tsin entered the city on the 23rd.

The admiral added the welcome intelligence "loss very small." This is the relief column including Major Littleton Waller and 130 United States marines, which suffered a repulse on their first movement. Beyond the brief statement of four killed and seven wounded, nothing has come as to the casualties of this first attack, but the result of the second movement which has been awaited with deepest concern is now cleared up by the admiral's report that the force has got through with very small loss.

It remains yet to be reported how the relief column found affairs at Tien Tsin, where, according to the unofficial reports of last week, anarchy prevailed and the foreign quarters were destroyed. But the admiral's report turned attention in another direction by a statement that the Peking relief force is reported "10 miles from Tien Tsin surrounded." This is the first word of any kind that has located the party of

GENERAL CHAFFEE.

2,000 under Admiral Seymour and including Captain McCalla, with about 100 United States marines. The last heard of them was on June 12—just two weeks ago—when they were stalled at Lang Fang about two-thirds of the way from Tien Tsin to Peking, short of supplies and water, the railroad torn up and with a menacing army of Chinese about them.

In Admiral Kempff's information it discloses that Admiral Seymour's force has not been able to get through to Peking, but has retraced a good part of the distance previously covered and is now back within 10 miles from Tien Tsin. The whole distance from Tien Tsin to Peking is about 80 miles and the Seymour expedition when at Lang Fang had traveled about 50 miles of this distance. It is to succor this Seymour party that the latest expedition left Tien Tsin on the 24th inst., according to the closing words of Admiral Kempff's report.

Source of Confusion.

There have been so many expeditions that officials themselves are somewhat confused as to the several movements and it is well to locate the different expeditions as they stand by the latest dispatches. The first body of foreign troops, about 450 in number,

and including 56 American marines, which went to Peking to guard the legations is thought to have got through. The second force, about 2,000 under Seymour, after making two-thirds of the distance is now back 10 miles from Tien Tsin according to Admiral Kempff. The force which went against Tien Tsin, including Major Waller's marines and 400 Russians was repulsed with loss. This was reinforced to 2,000 men and the reinforced body entered Tien Tsin on the 23rd. On the 24th a relief column started to the assistance of the force 10 miles from Tien Tsin. These several bodies are widely separated and show the extent of the present field of action.

Before Secretary Hay left for the cabinet meeting he had a cable from the Chinese minister, Mr. Wu, who renewed in formal manner the earnest request that foreign troops be kept out of China until Li Hung Chang could reach Peking. This time the request was made in a written document bearing the signature of the six great viceroys of China from Canton to Shang Tung, including Li Hung Chang himself. The answer of the United States governments stands as final, however, and the viceroys are informed that there can be no abatement of effort to secure the safety of our officials and citizens.

Mr. Wu looked gloomy on leaving the department. He had no news from Peking or Tien Tsin.

General Chaffee Selected.

The plans of the war department were somewhat cleared up by the announcement that Brigadier General Chaffee, one of the regular army officers, who participated in the Cuban campaign will have command of such troops as go to China. He leaves with the Sixth cavalry from San Francisco on July 1. There will be a stop at Nagasaki and then if circumstances require, the military forces will concentrate at Chefoo, which is expected to be the base of military operations.

The news that the Ninth infantry will sail from Manila for Taku was received with pleasure at the war department. General Corbin said that the regiment will compare favorably with any similar organization sent by any of the other foreign governments in China. The Ninth has been recruited to its fullest possible limit of 1,407 men and is provided with an ample supply of machine guns, tents and complete field equipment. It goes to China prepared for active field service and is thoroughly equipped in the matter of transportation and subsistence supplies for a long campaign. The regiment is commanded by Colonel Lisicum, one of the bravest and most discreet officers in the army.

The trip from Manila to Taku will be made on the transports Logan and Port Albert, the latter carrying transportation outfit and machine guns. The vessels will proceed at their highest rate of speed and are expected to reach the Chinese port by next Monday or Tuesday.

BY WAY OF LONDON.

General Review of the Situation of the Orient.

London, June 26.—The press dispatch from Chefoo giving Rear Admiral Kempff's authoritative announcement of the relief of Tien Tsin June 23 remained for hours the sole news of this occurrence of world-wide importance. Later, the Hongkong and Shanghai banks' London branch received confirmation of the news and at about the same time, Mr. Dawson, a delegate from Singapore to the congress of the Association of Chambers of Commerce of the United Kingdom, now in session here, informed his fellow delegates, amid loud cheering, that he had just received a dispatch from his son, announcing the relief of Tien Tsin.

The news reached Berlin later from the German consul at Chefoo, who announced that the relief column entered Tien Tsin during the afternoon of June 23, and started again, June 24 to rescue Admiral Seymour, who, with the foreign ministers, was said to be occupying a position 12½ miles from Tien Tsin, where he was surrounded and hard pressed by a great force of "Boxers" and Chinese regulars. Possibly the Japanese report that Seymour is a prisoner and that the ministers had left Peking guarded by Chinese soldiers is merely a distorted version of the Berlin story. But in any event, definite news may be expected speedily, and it is confidently believed, here Seymour and his companions will be safely delivered from their plight. According to the report of a Chinese refugee who has arrived at Shanghai, the condition of Tien Tsin is horrible. Everywhere in the streets are the bodies of massacred men and women, Americans as well as all other nationalities. The Hongkong and German banks, he adds, were both destroyed early during the bombardment. Shanghai also reports that the American-

Russian relief force was so badly ambuscaded that the forces were obliged to abandon several field guns and much ammunition. About 150 Russians and 11 Americans were killed or wounded.

The German gunboat Itis and a Russian torpedo boat destroyer are patrolling the el-Ho river and raking, with machine guns the native villages on the river bank.

Slaughter of Peaceful Chinese.

Chefoo, June 26.—The officers of British first class cruiser Terrible assert that discord exists between the Russians and Anglo-Americans and say they believe the Russians are planning to break the concert and take possession of Peking independently. They assert that Vice Admiral Seymour's command lacked union, the foreigners sulking because they were under British leadership. They bitterly denounce the Russian general's conduct as uncivilized and barbarous and charge that the slaughter of peaceful Chinamen at Taku has aroused the otherwise passive natives against the foreigners.

About the Boers.

London, June 26.—As Lord Roberts apparently is carrying out important combined operations the slackness of news from South Africa will probably continue until they are completed. The fact that the foreign military attaches are homeward bound indicates that in their opinion the war is over. But the reported refusal of Lord Roberts to spare troops for service in China seems untrue, to show the field marshals considers much work remains to be done. The official report of the capture of a convoy of 50 wagons escorted by Highlanders, between Rhenoster and Heilbron June 4, was received. Lord Roberts reports that the convoy was surrounded and sent messengers to the nearest posts, asking for assistance, but reinforcements were unable to reach the convoy and 150 Highlanders in reply to a flag of truce from General Dewet surrendered during the morning of June 4.

Summer Carnival.

Milwaukee, June 26.—Milwaukee's third annual summer carnival was opened most auspiciously. The city is filled with guests and an air of festivity prevails. The buildings are decorated with the carnival colors, red, cream and olive green. The reception of Rex, King of the Carnival, marked the official opening. His majesty and retinue were taken aboard the revenue cutter Morrill and conveyed up the river to the foot of Mason street where he was officially received by a delegation of the army and navy including Rear Admiral Charles R. Cotton, the chief guest of the carnival. On upper Grand avenue Rex presented to the city a handsome carnival column constructed of solid stone and measuring 70 feet high. Mayor Rose received the column for the city.

Fireworks Barred Out.

St. Louis, June 26.—Unless the street railway strike is ended prior to July 4, Mayor Ziegenhain says he will issue a proclamation prohibiting the use of fireworks of any description in St. Louis on that day. In explanation of his proposed action, the mayor said: "I have decided to issue a proclamation forbidding the use of firearms of any description in this city on the 4th of July. This I deem the wisest course to pursue under the circumstances and I hope the people will see that it would be grave mistake to allow fireworks to be used in this city while the strike remains unsettled. I announce my decision this early so as to warn the dealers in fireworks and save them much loss."

Removal of Silver

Philadelphia, June 26.—Seventy-one million silver dollars have been transferred from the old mint on Chestnut street to the building at Sixteenth and Spring Garden. The dollars were coined as security for the last issue of silver certificates. Every precaution was taken for the safety of the money. One thousand dollars were placed in a canvas bag, and the bag was labelled with the number of counter. The bag was then placed in a small pine box and the box also numbered. Express wagons were utilized in carrying the money from the old mint to the new, one hundred boxes being placed in a wagon. Two armed guards accompanied each wagon.

New York, June 26.—Benton Fargo, brother of J. C. Fargo, president of the American Express company and of William C. Fargo, founder of the Wells Fargo Express company is dead at his home in this city, aged 67 years. He spent several years in the west developing the express business.

JUDGMENT ENTERED.

Mrs. Goll's Claims For Damages
Against Elevated Road.

Chicago, June 26.—Judge Hancy overruled a motion for a new trial in the case of Goll against the Metropolitan Elevated railway and entered a judgment for \$7,750 against the road in favor of Mrs. Goll, who alleges that the road has lessened the value of her property adjacent to the road. This is the first case which has resulted in the rendering of a judgment against the Metropolitan on those grounds and should the supreme court uphold the ruling of the lower court, it will, it is claimed, mean a heavy loss to the elevated roads of the city as there are scores of similar suits pending, or ready to be entered against them, and in each heavy damages are asked.

MOBILE FLOODED.

Tremendous Downpour of Rain Does
Considerable Damage.

Mobile, Ala., June 26.—At 5 a. m. a cloudburst occurred in Mobile, followed by a tremendous downpour of rain which continued for some hours. Every street in the city is submerged, in some places to a depth of five feet. No fatalities have so far been reported. Business in the city is practically suspended. The damage will probably be confined to goods on first floors and basements, but it is impossible at present to estimate the losses.

Clash of Authority.

Denver, June 26.—A clash between Governor Thomas and Dr. George F. Tyler, secretary of the state board of health is imminent as a result of correspondence concerning the state quarantine against Japanese and Chinese which has been taken up by the Japanese diplomatic legation at Washington. Governor Thomas is inclined to think there is no necessity for maintaining the quarantine and Dr. Tyler, who is acting on his own authority in the matter, insists that he will not raise the quarantine.

Commercial Men Meet.

London, June 26.—The fourth congress of the Association of the Chambers of Commerce of the United Kingdom opened here. Between 300 and 400 delegates, representing the colonies as well as Great Britain were present. Lord Selborne, honorary president of the association welcomed the delegates. In the course of his speech he announced that real progress had been made towards laying a Pacific cable and that tenders would be invited almost immediately for the beginning of the work.

Powers Again Arrested.

Harlan C. H., Ky., June 26.—Captain John L. Powers was arrested, charged with being an accessory to the murder of Governor Goebel. Powers at once instituted habeas corpus proceedings. He holds a pardon issued by Governor Taylor while in office and was released once before on habeas corpus proceedings in Knox county. He is a brother of Secretary of State Caleb Powers.

Remy Will Go to Taku.

Washington, June 26.—The navy department announces that the armored cruiser Brooklyn with Admiral Remy aboard, will take 300 marines from Manila to Taku, stopping at Nagasaki, en route. The gunboat Princeton has been ordered to Swatow, Amoy and Foo Chow, thence to Shanghai to install an electric plant keeping ever ready for immediate and active service.

Death of an American.

London, June 26.—Mr. James Norton principal of the Lakeview college of Chicago, Ill., died at Southampton. He left Chicago about the first of June to attend the Paris exposition, Commissioner Peck having appointed him one of the judges of the awards in educational department. Mr. Norton was the only living male relative of the late Frances E. Willard.

Adverse to Ohio Centennial.

Columbus, O., June 26.—The supreme court refused a writ of mandamus to compel Auditor Guilbert to honor the voucher of Lem B. Harris, secretary of the Ohio centennial commission and in effect says the appropriation of a half million dollars is not available for the undertaking at Toledo.

Loaded With Gold Dust.

Seattle, Wash., June 26.—The steamer Cottage City reached here with 92 passengers and \$150,000 in gold dust. She brought news that the party searching for Date Island for Dr. Hickman returned without meeting with success.

Coal and Ice Burned.

New York, June 26.—The buildings and trestles of the Consumers' Coal and Ice company at Bayonne, occupying an entire block were destroyed by fire with much of their contents. The loss is estimated at \$100,000.

ISSUED A STATEMENT.

Boer Envoys Review the Results of
Their Work In America.

THANKFUL FOR ALL FAVORS SHOWN.

Assertions of Certain English Statesmen as to the Attitude of the
People of United States
Are Refuted.

New York, June 26.—The Boer envoys who have been in this country for the past two months issued an address to the people of the United States. After expressing regret at their inability to accept many of the invitations extended to them, they expressed their thanks to the American public for the deep sympathy they have shown for the cause of the two struggling republics.

Continuing the address says: "We now feel convinced that the boastful allegation of the colonial secretary and other British statesmen that the citizens of this great country sympathized with the British empire in its attempt to crush the liberty and independence of our two small states, is absolutely devoid of truth."

The address then goes on at great length into the history of the relations between Great Britain and the Boers which it characterizes as one of violated faith and broken pledges cloaked under the display of magnanimous and irreproachable principles. Coming down to the discovery of gold in Johannesburg in 1866, the address says: "All the forces of land-greed and gold-hunger, stimulated by the desire to avenge what is known as the battle of Majuba hill were let loose."

Then follows a history of the political agitation which culminated in the Jameson raid. "Mr. Chamberlain, Sir Alfred Milner and Mr. Cecil Rhodes," continues the address, "are the terrible diabolical trinity which had brooded over and shaped the destiny of South Africa during the calamitous period. These gentlemen combined forces so as to achieve by subtlety and craft and misrepresentations what Dr. Jameson and the raiders failed to obtain by open violence."

The address declares that the capitalists control the press of South Africa and that the editors of these subsidized journals were appointed special correspondents of the principal London dailies. The broad charge is made that Mr. Chamberlain's revival of the suzerainty claim in 1897, his public utterances, Sir Alfred Milner's speeches and inflammatory dispatches and the efforts of the South African League under the presidency of Cecil Rhodes were all directed towards the ultimate destruction of the two Dutch republics.

The address then takes up the various internal questions which contributed towards the outbreak of the war and discussed them in great detail, making wholesale denials of the English representation. The address declares that at the Bloemfontein conference both President Steyn and President Kruger endeavored to avert the catastrophes by conceding even more than the original demands on the franchise question, but their efforts were fruitless.

It is asserted that the war was forced upon the Boers and claim is advanced that they took up arms only in self defense. The address contends that that the policy of Great Britain was designedly shaped so as to compel the Boers to send on the ninth of October what is commonly known as their ultimatum to Great Britain. Taking up the campaign to date the address says: "The Boers may in the end be defeated by overwhelming numbers and may ultimately be forced to surrender, owing to the difficulty of securing ammunition and provisions, but the conduct of the present war as well as the history of the past 100 years justify us in saying that they will never be conquered." The address concludes by saying that the envoys do not ask the direct or forcible intervention of the United States, but a continuance of public sympathy and support. The address is signed by Abraham Fischer, C. H. Wessels and A. D. Wolmarans.

DEMOCRATIC TICKET.

FOR CONGRESS,
J. N. KEHOE, of Mason County.

THE Republicans at Philadelphia last week had the gall to declare in favor of civil service, and that too in face of the efforts of McKinley and his crowd to wipe out the system.

THE administration doesn't appear in any special hurry to prosecute Neeley for his postal frauds in Cuba. Although arrested a month ago, he has not yet been given a preliminary hearing.

THE Chicago Times-Herald warns its party leaders not to count on McKinley and Roosevelt carrying New York in November. On every hand it is conceded the Democrats have an excellent prospect for a victory in the Empire State next fall.

It's an ill wind that blows nobody any good. The misfortunes of the wheat growers of the North and Northwest mean better prices for the farmers of Kentucky, who have a fine crop. Wheat is averaging from fifteen to thirty bushels to the acre in this State, while it is not over five in Ohio, Indiana, Missouri and the Dakotas.

Finley's Check.

(Indianapolis Sentinel.)

The cheekiest performance in these parts for some time is Fugitive Finley's criticism of Gov. Beckham's announcement of himself as a candidate. He says Beckham is "timid." Possibly. But he has courage enough to remain in his State and face the consequences of his acts. He says Beckham "represents the worst element of his party in the State at present." Possibly. But he does not represent any element of any party that had to get out of the State to escape trial for its crimes. Mr. Beckham may be guilty of being young, but he has carried himself in a very becoming and manly way in a situation that was full of embarrassment, and has demonstrated that he has an old head on young shoulders.

Red Hot From the Gun

Was the ball that hit G. B. Steadman, of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. 25 cents a box. Cure guaranteed. Sold by J. J. Wood & Son, druggists.

KENTUCKY CROPS.

Weekly Bulletin of the Weather Bureau on the Outlook—The Wheat Harvest—Corn and Tobacco Doing Well.

The temperature averaged slightly below the normal and frequent showers occurred. The rainfall was heaviest in the western portion of the State, where it interfered seriously with the wheat harvest. In other portions of the State harvesting progressed well. In the eastern and central portions the yield of wheat will be considerably better than was expected, but in the west the outlook is very discouraging. The floods of last week beat it down and soaked it, and this week the rain has kept it wet; in many localities it is spoiling in the shock.

Corn is generally doing very well, but in the western and west central counties it needs cultivation and the weeds have overrun it badly. In low ground, in some localities, the weeds are choking it out and the ground is so wet that it can not be worked.

What has been said of corn is in a great degree true of tobacco. In the west portion great quantities of dark tobacco in lowlands have been ruined by the floods of last week and the continued wet weather this week; in the central and eastern portions the tobacco is generally in splendid condition and is making a wonderful growth.

Apples are dropping badly and the outlook for the crop is very poor, but all other fruits are doing well. Irish potatoes and garden vegetables are in excellent condition. Oats, grass and clover have made rapid improvement. Farm work is very much behind in the western portion, but fairly well up in the central and eastern portions, except in some localities. There is very little complaint of damage by insects.

Louisville, June 26th.

FOREIGN ARISTOCRATS

Said to Favor McKinley, Because His Policy is Believed to be Leading to a Monarchy.

NEW YORK, June 24.—A Paris cable to the Journal says:

Maurice Untermyer, the distinguished attorney, who has been enjoying the highest social pleasures of Paris for several months, said to-day to the Journal: "I am going to New York soon to work for Bryan, and get my friends to do the same. The superlative praise showered upon President McKinley by the aristocrats of England, France and Germany, many of whom are connected with the crowned heads of Europe, indicates the favor with which they regard the attempt of the Republican party to undermine our Constitution. The English nobility is particularly favorable to McKinley, for they, not unreasonably, believe that the policy he embodies must inevitably lead to aristocracy, if not to royalty. Expressions from English aristocrats, recently published in the Journal, clearly indicate this."

"My own experience in France and Germany satisfies me that the aristocrats of these countries are particularly favorable to McKinley, in the belief that his party is sapping the foundations of our Constitution. The Republican party encourages imperialism, and the Republican platform is like the McKinley administration, a mere compromise and straddle which we will wade through."

"Let the Kansas City convention make an up-to-date platform and Bryan will easily win. I should like to see Dewey on the ticket with him. They would sweep the country."

A SMOOTH SCHEME.

This Slick-Tongued Rascal May Come This Way. So Be On Your Guard.

A swindler who has a game that is not mutually beneficial has struck Kentucky and from the reports from Louisville his plan caught the eyes of several of the Falls City investors. His work there seemed to be profitable—to himself. He may come this way. His method of making money fast is an old one, says the Lexington Herald. It finds many victims. He enters a town and registers at a hotel as an advance agent of some circus or theatrical attraction and gives out the welcome news to the hotel keeper that he has a bill posting force of seventy-five or eighty men who will arrive in a day or so and he asks for rates. The rates are gladly given. He accepts these with thanks and he further endeavors to stamp his good standing by being a customer of the boniface's loan business. Sometimes this works. Whether it does or not he also has a tender feeling for butchers and other merchants who seek patronage of amusement enterprises. He introduces his borrowing sketch to this class by asking for prices on supplies for an aggregation of performers. Naturally enough this particular merchant has the

lowest bid and he purchases for delivery when the aggregation arrives, payment to be made at the time of delivery. Following the introduction is a pithy monologue turn closing with an afterpiece entitled "Borrow." The merchant sees the big order just received and the versatile talker and he makes the loan. In making which he loses. The genius wears an Elk button.

HID IN A BARN

And Shot Down His Victim in Cold Blood.
Particulars of the Prather-Irwin Tragedy.

Brief mention has been made of the murder of Mann Irwin last Saturday near the mouth of Brush Creek, Adams Co., O., by Mark Prather. The latter escaped, and, as stated elsewhere, Maysville officers were looking for him. A friend of the BULLETIN writing from Concord gives the following particulars of the tragedy:

"One and a half miles northeast of here in Pleasant Bottom, Adams County, Ohio, on the farm of Mrs. Caroline Stevenson a terrible murder was committed near noon Saturday last.

"Mrs. Stevenson rented the most of her land to Mr. Mann Irwin, formerly of Lewis County, and a small portion to Mark Prather, late of Manchester.

"Some weeks ago Prather's chickens did some damage to Irwin's wheat and corn near Prather's house. Irwin reported the matter to Mrs. Stevenson and her son. They spoke to Prather about the chickens and he replied 'I will take care of the chickens, and I will get even with Irwin.'

"As Irwin was going to his dinner Saturday Prather, who was hid in a barn near Prather's house, fired (using a double-barrel shotgun). The first load struck Irwin in the side.

"Now," says Prather, 'as you insulted my wife I will give you another load.'

"Irwin replied, 'I did not know I insulted your wife,' and fell.

"Irwin died Sunday morning.

"Prather some years ago struck his brother with a bed slat, inflicting a severe wound, and fled to the sea coast. Finding a vessel wanting a cattle tender he hired and was soon in Liverpool; thence to London. When his brother got well he returned and married a Miss Thomas, a relative of the tea and spice merchant of Cincinnati."

New Silver Certificate.

The first of the new five-dollar silver certificates have been printed and are in the Treasury for circulation. From an artistic point of view they are said to be among the prettiest ever issued. The face of the bill bears the portrait of the typical Indian of other days. On one side of this portrait is the blue seal of the Treasury and on the other a big letter V and the word "Five." They are in blue. The figure five is repeated over the bill. On the front of the obligation it is found in each corner. The back of the bill contains considerable scroll work, two large open spaces and the usual lettering.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. Every bottle guaranteed.

The New Indiana Will Have to Ply on the Upper Ohio—Other Items of Interest

The Pearce and Keystone State are due down this evening and Stanley tonight. Up, the Wells and Courier.

The E. R. Andrews the past week took fifty-five barges of coal from the Kanawha to Cincinnati and ten barges to Louisville.

At last accounts the Virginia was hard aground at the head of Merriam near Pittsburg. The Avalon passed up this morning in her place.

An exchange is authority for the statement that the new steamer Indiana, being built at Jeffersonville, Ind., for the White Collar Line, is too wide to go through the locks of the Portland canal at Louisville, and consequently it will have to be used on the upper Ohio. The width of the new boat is eighty-two and one half feet, while the locks are only eighty feet wide in the clear. The City of Pittsburg can go through the locks only by a close shave, and the Indiana was built to exceed her in size. The construction of the boat is at such an advanced stage that it is impossible to make the change necessary to permit it to use the canal. The machinery of the old Boston is to be used in the Indiana.

THE AURORA ASPIRANT

Seems to Have Inside Track For Gubernatorial Nomination.

MAYOR HARRISON IS NOT AFTER IT.

Allusion of Temporary Chairman Hurst to William Jennings Bryan is Received With a Great Demonstration.

Springfield, Ill., June 26.—At noon it seemed apparent the Democratic nominee for governor would be Samuel Alschuler of Aurora. The talk of a stampede for Mayor Carter Harrison of Chicago had almost ceased. Harrison's name will hardly be presented to the convention.

Mayor Harrison arrived and to all who questioned him stated that his position was unchanged; that he was not a candidate for the nomination and that he could not accept the nomination if one was tendered him. Many of Harrison's friends have turned to the support of Alschuler.

The friends of Orendorff, still profess to be perfectly confident. It is the program to defer the nomination of candidates until the last day, and in the meantime the situation may become greatly simplified. The Cook county delegates are enthusiastically for Orendorff.

The Democratic state convention was called to order at 12:15 p. m. by Chairman Watson of the state central committee. Hon. Elmore W. Huret of Rock Island was introduced as temporary chairman. His allusion to Bryan was made the occasion for a wild demonstration.

Will Visit Murphy.

New York, June 26.—Richard Croker will spend a couple of days at Senator Murphy's home in Long Branch before their trip to Kansas City begins. The Tammany leader's physician has advised him to bathe his injured leg in salt water, but he placed no injunction upon his patient to abstain from talking politics while the bathing is in progress.

Friday night, June 29th, at the home of Mrs. Kabler, near Germantown fair grounds, a lawn social will be given by the ladies of the M. E. Church, South, for the benefit of the church. Songs, recitations and instrumental music. Refreshments will be served at the usual price. Come everybody and enjoy a pleasant evening in a good cause.

The average merchant will get angry if you tell him you don't believe there are any good reasons why people should patronize him in preference to his competitors. Thus aroused, he will pour out reasons—good reasons, too—enough to fill a book. But it rarely occurs to the average merchant to give the public those reasons in his advertising. He doesn't seem to realize that such is the best sort of advertising—the only sort of advertising, that is real advertising.—Augusta (Ga.) Herald.

WEDNESDAY, JULY 4.

At 10 a. m. the following privileges will be let to the best bidder:

Hotel, Confectionery, Stable, Baggage Room and Barber Shop.

The board reserves the right to reject any or all bids.

The meetings on these beautiful grounds will be held beginning July 26 and closing August 6th. Eminent divines will be present. I. R. Watkins, D. D., of Wilmington, Del., and possibly Bishop Hamilton, of San Francisco, will preach on the Sundays, and the ministers of the Ashland and Covington districts will also be present. Splendid dining in charge of a competent leader will be a feature. A splendid addition has been made to the hotel, giving ample accommodation to all. The promenade grounds have been extended, a new stable built and many other improvements made. The grounds are beautiful, and, best of all, there is an abundance of pure water—two large cisterns, three wells, one of which is 150 feet deep, the water of which we have had analyzed, and it contains the following medicinal properties: Total solids, 3.6 to the liter; soluble salts, 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts, 0.44 to the liter; consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. E. L. Shepard and G. R. Frenger, Presiding Elders of the Covington and Ashland Districts.
